

Samadhi Tanks stand the test of time. The "Classic", the standard that allows the perfect floating experience. It is a basic tank, accurate, economical, and simple to use.

To see the easiest tank in the world to put up click [putting-up-tank](#)

These tanks can be installed anywhere, going easily around hallways, through doorways, with no need to move walls or remodel. When you see it placed in the corner of a room, its simplicity is startling. A perfect stage for an adventure an exploration into the yet unknown.

- \*ABS plastic inside and out
- \*Lightproof
- \*Silent air circulation system
- \*Complete thermal isolation
- \* Condensation-proof top
- \*Packed for shipping economy

Assembled Dimensions: Length -94", Width - 46", Height - 44 1/2"

Samadhi Tank Classic includes everything you need to float except the salt and water. Water filtration system, water temperature controller, and air circulation system.

We have three tank packages. Each one has the same tank, air circulation system, filtration system, and heater. The three packages serve different needs.

The Basic is for those who want to spend the least on the simplest system. The Magic Carpet is for those who want more features. In addition, the Voyager is for those who will use the tank commercially. All complete except for shipping, salt.

Ordering Information:

We require 50% down with your order and the balance two weeks before shipping. For faster orders we require 100% payment with your order. We accept wire transfers.

Tanks for the Memories: Floatation Tank Talks by Dr. John Lilly and E.J. Gold \$17.95

The Book of Floating" by Michael Hutchison \$24.95

Digital Manual, "So You're Planning a Center" \$45.00

If you are thinking of going into the tank business, this is useful. It does not advise you to go into the business; it helps you decide whether you want to, and gives you important information about this business. There is no other place to find this. It was revised in 2011 and is now an online manual.

We accept PayPal so you can let us know you want the manual, and we will send it out right away.

Shipping:

We ship 4-6 weeks from the receipt of your order, and we often can ship faster if you like. We work with freight forwarder for shipping to other countries. It can be arranged by air or by sea and requires crating, which costs \$650. If you would like to arrange your own shipping - that is fine.
